Sir:

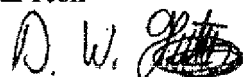

We, Swee Hin Teoh, Dietmar Werner Hutmacher, Kim Cheng Tan, Kock Fye Tam and Iwan Zein declare that:

1. We are the co-inventors of the subject matter described and claimed in U.S. Application No. 10/828,477, filed on April 20, 2004 (hereinafter "the parent application").
2. We understand that to be an inventor under U.S. patent law, one must contribute materially to the conception of the claimed invention.
3. Prior to executing this Declaration, we reviewed a complete copy of the patent application, including the pending claims, and the Hutmacher *et al.* reference entitled "Design and Fabrication of a 3D Scaffold for Tissue Engineering Bone" that was

published in *Synthetic Bioabsorbable Polymers for Implants*, ASTM, West Conshohocken, PA, Agrawal *et al.*, Eds. (2000) pp. 152-167

4. We are co-authors with K.W. Ng., J.T. Schantz and J.C. Leahy on the Hutmacher *et al.* paper.
5. Co-authors K.W. Ng., J.T. Schantz and J.C. Leahy carried out certain experiments discussed in the Hutmacher *et al.* reference under the supervision or direction of one or more of the inventors and/or participated in discussions of the results and conclusions presented therein with one or more of the co-inventors of the patent application.
6. Co-authors K.W. Ng., J.T. Schantz and J.C. Leahy did not contribute materially to the conception of the invention claimed in the patent application and are not co-inventors of the subject matter described and claimed in the patent application.
7. We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statement and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing therefrom.
